

## **Marching Band Uniform Distribution Nights - Wednesday 9/9 & Wednesday 9/16**

Because we "MAY" have the opportunity to compete in two independent band festivals (Logan Elm Marching Band Classic, and Logan High School Festival of Bands), and several football games, we will distribute full uniforms. We realize these events could end up canceled. However, having the uniforms on during these performances, if they happen, makes this worth the work and risk.

Please make sure your student is at the school on the assigned time. This plan is different than distributions in the past. Please follow these times and guidelines. This system is designed for following Covid19 safety requirements.

When you arrive at the school please drive by the school and check in (from your vehicle) at the canopy/tent on the sidewalk. Your child should remain in the car until you are texted for them to begin their fitting. They will receive further instruction at that point.

**Masks** MUST be worn by all students, and workers who are fitting uniforms.

Only the **STUDENT** who is being fitted will be allowed to enter the building.

All parents and siblings are asked to remain in their vehicles if you are waiting for your student to be fitted.

**Students need to wear** athletic shorts and a T-shirt to the fitting (or whatever they will wear under their uniform for performances). They will not be able to change in the restrooms. All students will be fitted in the same area.

**Due to Covid19 policies**, we will not allow groups of people to congregate on the parking lot, while waiting to pick up students. Please remain in your vehicles.

### **STUDENTS:**

These fitting nights will be COMPLETELY different than any in the past. We will have all stations clearly marked and social distancing policies must be enforced. Move to each station quickly, then exit the building immediately following your session.

We will not allow students to congregate or hang out in the building or parking lot before, after, or during the fitting nights!

We are SO EXCITED that you may get to perform your show in competition style festivals, and for the home football crowds! **How we follow the rules and support the school's policies will help make all this happen!**
